

Vir suksesvolle **binne-kampus** toegang tot die biblioteek se elektroniese bronne, verander jou Internet blaai-er opstellings soos volg.

For successful **on-campus** access to the library's electronic resources, adjust your Internet browser settings according to the steps detailed below.

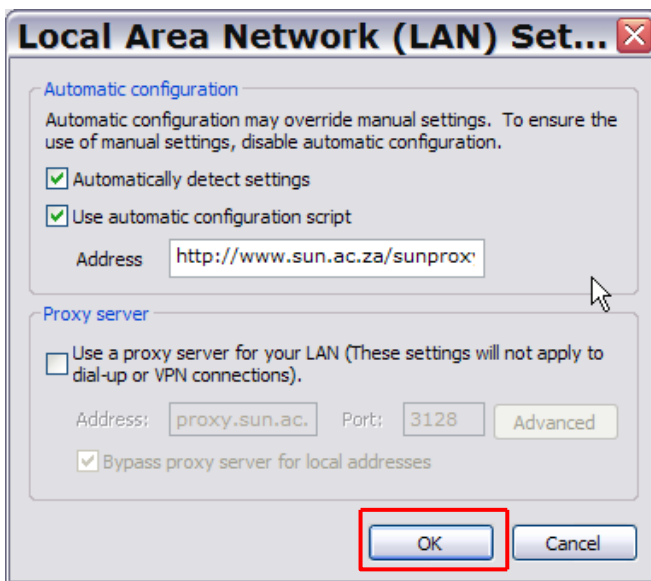

INTERNET EXPLORER

Click on: **Tools, Internet Options, Connections, LAN settings**

1. Hierdie opstelling bied gebruiker **gratis binne-kampus** toegang tot die biblioteek se **subskripsie** elektroniese bronne (geen INETKEY):

This option allows user **free on-campus** access to the library's **subscription** electronic resources (no INETKEY):

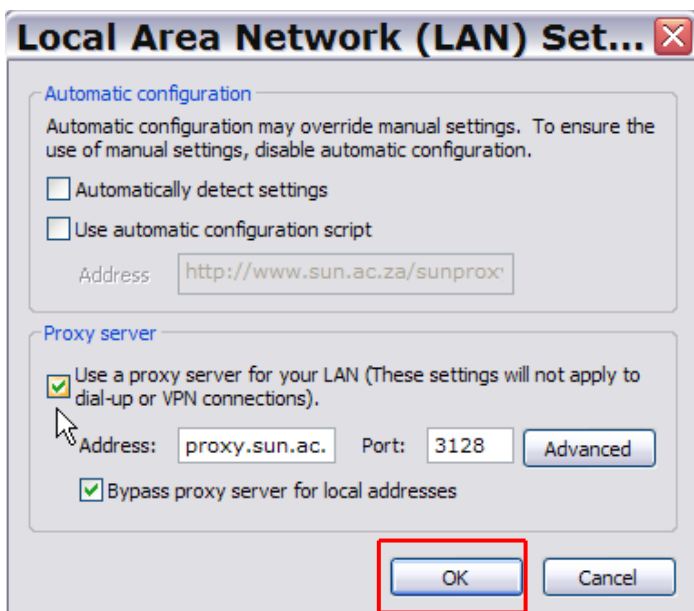

- ✓ Automatically detect settings
- ✓ Use automatic configuration script

Type in following Address:
http://www.sun.ac.za/sunproxy.pac

2. Vir **binne-kampus** toegang tot *gratis proewe 'trials'* vir titels waarop die biblioteek nie ingeteken is nie, moet die LAN settings as volg verander word (INETKEY word benodig):

For **on-campus** access to *free trials* to which the library does not subscribe, the LAN settings should be changed to the following (INETKEY required):

- ✓ Use a proxy server for your LAN

Type in following Address: **proxy.sun.ac.za**
Port: **3128**

- ✓ Bypass proxy server for local addresses

**Neem kennis dat Uitgewer toegang tot bron kan opskort sodra proef vervaldatum bereik word.
Note that once the trial period has expired, the Publisher could suspend your access to the source.**

Please note:

The recommended browsers for e-resources service are [Internet Explorer 6/7](#) and [Opera 8/9](#). A successful experience with other browsers, including [Mozilla Firefox](#) and [Safari](#), may vary.
