

Manuscripts Section Lecture Series

2nd lecture

Uys Krige in ons binnekring

Uys Krige in ons binnekring promises an intimate and informal look at the poet and author Uys Krige as a person, as seen by his family and close friends, against the background of the diverse and interesting Uys Krige manuscript collection housed in the Manuscripts Section. The presentation will also be a celebration of the Uys Krige centenary.

Grethe Fox (Uys Krige's niece) will be the main speaker at the event, while his daughter, Eulalia, will also join the discussion. Amanda Botha, freelance journalist and connoisseur of the arts, will lead the discussion.

After the lecture guests are invited to the Manuscripts Section for an exhibition of manuscripts, photographs and other documents from the Krige collection. JC Kanne-meyer (Krige biographer) will talk about the exhibition and light refreshments will be served.

Grethe Fox
